

## *Class Corner – Reception*

Reception have had a fantastic return to school and have been very busy settling back into routines. The children have come back with such a positive attitude and it has been lovely to see how happy, confident and enthusiastic they are in class.

We really enjoyed finishing our last topic, *Celebrations*. The children loved learning about different celebrations and sharing their own experiences through stories, artwork and role play. They were fully engaged throughout the topic and we are so proud of the effort they put into their learning.

This half term, our new topic is *Above the Clouds*, and the children are already very excited to get started. Through our Drawing Club sessions, we will be sharing lots of exciting stories and using them as inspiration for drawing, talking and developing our imagination. In maths, we will continue to build confidence with numbers up to 10, focusing on recognising numbers, counting carefully and beginning to solve simple problems through practical activities and games.

In PE, the children will be developing their fundamental movement skills such as running, jumping, balancing and coordination. We will also be learning more about the world around us by exploring things linked to *Above the Clouds*, including weather, flying, space and different ways we travel. This topic will give the children lots of opportunities to ask questions, explore and learn through hands-on activities.
